KHMS Receives IDS Accreditation !!

The British Council International Dimensions in Schools annual award ceremony was held virtually on Wednesday, **24 March 2021**.

KHMS is once again a proud recipient of the IDS accreditation **2020-23**. We have received the IDS award for the third time. The outstanding international dimension in the school was recognized nationally.

Schools from across the North and East of India received their awards virtually.

The ceremony started with an opening note by Rowan Kennedy - Deputy Director, British Council India. He appreciated all the awardees and congratulated them for the efforts of embedding internationalism in school curriculum.

We thank all our partner schools for collaboration.
