CAMBRIDGE CHRONICLES

2024-2025

Empowering Knowledge, Embracing Excellence

Illuminating Pathways

As we continue to grow together as a community, it's important to celebrate both our academic milestones and the creative spirit that defines our students. It is with immense pride and joy that I share the remarkable achievements of our students in the checkpoint assessments. These outstanding results are a reflection of the relentless dedication and hard work demonstrated by both our students and staff, underscoring the strong academic foundation we have cultivated.

At our school, we firmly believe that creativity is just as important as academic excellence. This edition of our newsletter celebrates not only the scholastic accomplishments but also the creative talents of our students. We are thrilled to provide a platform for these young minds to explore and express their creative potential, and we eagerly anticipate their continued growth.

Dear Students, always aim for excellence in all areas of your education. Keep pushing the limits of your creativity. Your unique perspectives and ideas not only enrich our school community but also contribute to a brighter, more dynamic world.

Remember, education is about more than just knowledge; it's about cultivating critical thinking, problem-solving, and effective communication. These are the skills that will guide you through life and help you become well-rounded individuals, ready to take on the challenges of the future.

Regards

Sneh Verma (Ms.)

Principal

Inspiring Future

Education is a journey of lifelong learning, and each step we take shapes not only our future but also the world around us.

As we navigate through a world of constant change, it's essential to remember that education is not just about academics, but about nurturing character, building resilience, and fostering curiosity.

We at Cambridge have an unwavering commitment to excellence. Each day, we strive to create a learning environment that encourages students to explore, innovate, and embrace challenges with confidence.

Each moment at Cambridge Wing, KHMS, showcases the dedication, enthusiasm, and growth of our students, who continue to amaze us with their potential and achievements.

With our dedicated staff, innovative strategies, and strong community partnerships, we are confident that our students will continue to excel and make a positive impact on the world.

Sunita Sindhwani (Ms.)
Headmistress

Discovering Diversity, Embracing Unity

A glimpse of our Student Exchange Program

A Gateway to Learning and Collaboration

The week long exchange program with Lanchester EP Primary School was a unique experience that fostered intellectual collaboration. This initiative provided students and educators with an opportunity to explore diverse educational methodologies, share ideas, and build meaningful global connections.

During the program, participants engaged in interactive sessions, workshops, and classroom collaborations, exchanging insights on subjects.

Celebrating Excellence

Cambridge Primary Checkpoint Results

Education is the most powerful weapon which you can use to change the world.

EMPOWERING EDUCATORS

An empowered educator is a lifelong learner, shaping young minds and preparing them for a future of endless possibilities. At K.H.M.S. we celebrate this journey of learning, growth and excellence through various Professional Development Programs.

Three teachers attended a workshop conducted by Mr. Simon Lind. It was an enriching experience and provided useful insights into resources available in order to attain proficiency at every stage.

Two teachers attended a workshop conducted by Philips N Guna Widjaja, The workshop equipped the teachers with usage of resources available in order to attain the success criteria in Maths and Science classrooms.

Mr. Nikhil Pant, an accomplished educator with an empowered mind helping unlock potential of young minds in the classroom.

Ms. Stuti Gupta, an author of children's books sharing useful insights on story telling skills and engaging activities with the teachers.

CAMBRIDGE SPOTLIGHT

CELEBRATING TALENT: CAMBRIDGE FIESTA

*Echoes of Nature:
Students of Class 2
beautifully expressed
their love for animal
through rhythmic verses.*

*Cambridge students
enthusiastically
participated in
Mathematics Fiesta,
a celebration of
numbers, logic, and
problem-solving!
This event brought
the magic of math to
life through fun
activities, exciting
challenges, and
interactive games.*

*A Tryst with Mythology:
The role play on
mythological characters
was a captivating event
where students brought
legendary figures to life
with enthusiasm and
creativity. Dressed in
vibrant costumes, they
portrayed gods, goddesses,
and heroes from various
mythologies, narrating
their stories with
confidence.*

Cambridge Fiesta are fun and lively events where students come together to showcase school spirit, creativity, and talent. Vibrant colours filled the classrooms of Cambridge PS and PP with sunshine and joy when the tiny tots explored the land of tastes- sweet, spicy, salty and sour by making dishes that are yummy to taste and a treasure to sight . The hidden talent of the young story tellers was also revealed as they narrated various stories.

CREATING MEMORIES: ANNUAL DAY CELEBRATIONS

CAMBRIDGE SPOTLIGHT

TALENT DAYS

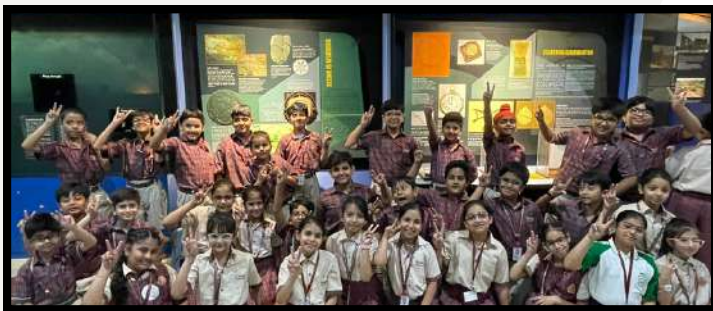

Where there is a will, there is a way!

The students of Cambridge Class 5 with their determined effort and amazing presentations propelled everyone towards an 'Aha' moment. The students presented various heartthrobbing displays focusing on the value of hard work.

EXPLORING THE WORLD: FIELD TRIPS

The students of Class 6 Cambridge embarked on an enlightening journey delving into history during their visit to the National Museum. Immersed in the richness of history, they explored the exhibits that spanned different eras.

The students of Cambridge Class 4 enjoyed mesmerizing star gazing session at Nehru Planetarium. Guided by expert astronomers, they learned about celestial bodies and the mysteries of space.

CONNECTING MINDS: VIRTUAL EXCHANGE EVENT

Students of Class 8K and 9J participated in the CMS Virtual Visit hosted by CERN in Geneva, wherein they were given a virtual glimpse of- The Large Hadron Collider (LHC) and CMS detector.

The visit was a once-in-a-lifetime opportunity for children, offering a rare glimpse into the world of cutting-edge particle physics.
